A Note for Parents

HOW TO USE THIS GUIDE

These age ranges are organizational suggestions for parents, not official age ratings or endorsements. Many resources can benefit families at more than one stage. Start with your child's present needs and choose the material most helpful for your home.

The resources and ministries listed do not necessarily share Victory's doctrine or KJV-only convictions. Listing a resource is not a blanket endorsement of every doctrine, translation, guest, or teaching. Compare content with Scripture and the convictions of your local church.

Our goal: Raise children who know God, love His Word, understand what they believe, and live their faith with conviction and compassion.
